They're escaping to the

ALICE

- 22 -

Alice became annoyed.

The police shot from behind.
Instead of fighting back,
Alice was busy running away.

Tom shot a machine gun at the police.

It wouldn't last long,
but there was no other way to buy time.

The police continued to shoot.
The harassment and chase happened simultaneously.

Alice ran while holding onto the hair of the rag doll.
He was slowing her down.
She became annoyed at him again.

She yelled out at his procrastination,
but he didn't even budge.

Alice, stop doing this.

She couldn't reply to his sudden words.
Something was different about him...

What did he just say?

I'm the only who has him captured.
There's no reason for me to be afraid.

Your daughter wouldn't have wanted you to do this.

Where am I?
